

## Securities Trading (Insider Trading) Policy

---

### 1. Introduction and purpose

This document details Green Cross Health's policy on, and rules for, dealing in the following securities (**Restricted Securities**):

- Green Cross Health shares (including purchases via Sharesies or similar investment platforms); and
- any other listed securities of Green Cross Health or its subsidiaries, and any listed derivatives (including futures contracts listed on an authorised futures exchange) in respect of Green Cross Health, from time to time.

The requirements imposed by the policy are separate from, and in addition to, the legal prohibitions on insider trading in New Zealand and any other country where those securities may be listed.

**If you do not understand any part of this policy, or how it applies to you, you should raise the matter with the Chief Financial Officer before dealing with any securities covered by this policy.**

---

### 2. Application

This policy applies to all Directors, officers and employees of Green Cross Health and its subsidiaries. In this policy 'trade' includes buying or selling listed securities, or agreeing to do so, whether as principal or agent.

---

### 3. Fundamental Rule – Insider trading is prohibited at all times

If you possess "material information" (refer to definition below), then **whether or not** you are a Restricted Person below, you must not:

- trade Restricted Securities;
- advise or encourage others to trade, or hold any Restricted Securities; or
- pass on the material information to others.

The prohibitions apply regardless of how you learn of the information, and regardless of why you are trading.

This offence, called "insider trading", can subject you to criminal liability including large fines and/or imprisonment, and civil liability, which may include being sued by another party or Green Cross Health, for any loss suffered as a result of illegal trading.

#### What is "material information"?

"Material information" is information that:

- is not generally available to the market; and
- if it were generally available to the market, could have a material effect on the price of Green Cross Health's listed securities.

Information is generally available to the market if it has been released as an NZX announcement, or investors can readily obtain the information. It does not matter how you come to know the material information (including whether you learn it in the course of carrying out your responsibilities, or in passing in the corridor, or in a lift, or at a social function). Information includes rumours, matters of

supposition, intentions of a person (including Green Cross Health), and information, which is insufficiently definite to warrant disclosure to the public.

#### **What are some examples of material information?**

The following list is illustrative only. Material information could include information concerning:

- the financial performance of Green Cross Health;
- a possible change in the strategic direction of Green Cross Health;
- the introduction of an important new product or service;
- a possible acquisition or sale of any assets or company by Green Cross Health;
- entry into or the likely entry into or termination or likely termination of material contracts or other business arrangements which are not publicly known;
- a possible change in Green Cross Health's capital structure;
- a change in the historical pattern of dividends;
- senior management changes;
- a material legal claim by or against Green Cross Health; or
- any other unexpected liability which has not been released to the market.

#### **4. Exceptions**

This policy does not apply to:

- acquisitions and disposals by gift or inheritance;
- acquisitions through an issue of new listed securities, such as an issue of new shares on the exercise of options, under a rights issue, or a dividend reinvestment plan.

---

#### **5. Short term trading discouraged**

You should not engage in short term trading (the buying or selling of listed securities within a three month period), unless there are exceptional circumstances discussed with and approved in advance. Short term trading can be a key indicator of insider trading, particularly if undertaken on a regular basis or in large amounts. Therefore, to reduce the risk of an allegation of insider trading, do not trade listed securities on a short-term basis.

---

#### **6. Compliance**

##### **If in doubt, don't**

The rules contained in this policy do not replace your legal obligations. The boundary between what is (and is not) in breach of the law is not always clear. Sometimes behaviour that you consider to be ethical actually may be insider trading. If in doubt, don't!

##### **Breaches of policy**

Strict compliance with this policy is a condition of employment. Breaches of this policy will be subject to disciplinary action, which may include termination of employment.

##### **Monitoring of trading**

Green Cross Health may monitor the trading of Directors and employees as part of the administration of this policy.

## **Additional Trading Restrictions for Restricted Persons**

### **Persons covered by Restricted Securities Trading (Insider Trading) Restrictions**

The additional trading restrictions set out below apply to:

- all Directors of Green Cross Health Limited;
- the Group Chief Executive Officer and all his or her direct reports and those directly reporting to them;
- trusts and companies controlled by such persons; and
- anyone else notified by the Chief Financial Officer from time to time.

Persons covered by these additional restrictions are called “**Restricted Persons**”. Employees and Directors will be considered responsible for the actions of trusts and companies controlled by them. In this respect, “control” is not to be construed in a technical way but by looking at how decisions are made in practice.

### **Pre-approval required for Restricted Persons to trade**

Restricted Persons are prohibited from trading in any Restricted Securities except with prior written approval. The Restricted Person must, in writing:

- notify Green Cross Health’s Chief Financial Officer of their intention to trade in securities, and seek consent to do so using the [Request for Consent to Trade in Listed Securities](#) form attached;
- confirm that they do not hold material information; and
- confirm that there is no known reason to prohibit trading in any Restricted Securities.

A consent is only valid for a period of 10 trading days after notification. A consent is automatically deemed to be withdrawn if the person becomes aware of material information prior to trading.

### **Requirements after trading**

A Restricted Person must advise the Chief Financial Officer promptly following completion of any trade, and the Restricted Person must comply with any disclosure obligations it has under the Securities Markets (Disclosure of Relevant Interests by Directors and Officers) Regulations.

### **Granting of consent for trade by a Restricted Person**

The Chief Financial Officer will be responsible for granting consents for all Restricted Persons except the Directors of Green Cross Health Limited. Where a Director of Green Cross Health Limited seeks consent, the CFO will pass the request to the Chair of Board, who will consider the matter in conjunction with the Group CEO, prior to determining whether approval will be granted
